(Please underline.)
2. In accordance with Law No. 13 of 1979 on private international law, I/we state that our child/ the person to be registered, besides being a Hungarian citizen, is also a citizen of _____ (document certifying the foreign citizenship is attached), therefore we request the name to appear as requested in the Hungarian civil registry and on the birth certificate.

signature of mother

signature of father

signature of guardian

signature of person to be registered, if over the age of 18

Note: To understand the different naming options, here is an example. In the Canadian birth certificate, the given names of the child are Kathleen Maria Eva.

Hungarian citizens can usually only have two given names. The parents could pick two and write these at the „requested name” field, for example Kathleen Maria. Or, they could attach her passport proving that she is a Canadian citizen, as well, and in that case they could opt for retaining both middle names.

Kathleen Maria is the version as appears on the foreign certificate, while Katalin Mária would be the Hungarian equivalent. The parents could even have a mix. i.e. Kathleen Mária or Katalin Maria. In this case, all three choices should be underlined (because they have requested on name as per the Canadian certificate, one Hungarian equivalent, and they dropped one middle name, Eva).

The parents should sign even if the child has no other citizenships, in other words, the signature field is for question number 1, as well.

¹ Provide the data as it were at the time of birth.

² Based on the statement of the mother, her place of residence, otherwise the place of birth of the child.
